

the 3rd International IAA Symposium on Private Human Access to Space (PHAS) 27-29 May 2019, Xi'an, China

Northwestern
Polytechnical University

THEME

Space Tourism for
You, Me and All

PROGRAM COMMITTEE

GENERAL CHAIR

Christophe Bonnal, France

CO-CHAIRS

Jean-Michel Contant, France

Weiren Wu, China

Kai-Uwe Schrogl, Germany

Jeng-Shing (Rock) Chern, Canada

Shuo Tang, China

Binfeng Pan, China

Yi-Wei (Eva) Chang, Australia

MEMBERS (To Be Confirmed)

Alain Dupas, USA

Anna Guerman, Italy

Antonio Viviani, Italy

Dean-Philippe Duthheil, France

Derek Webber, USA

Dong Qiao, China

Fabio Tronchetti, China

Filippo Graziani, Italy

Hexi Baoyin, China

Jacques Arnould, France

Jean-François Clervoy, ESA

Jean-Luc Wibaux, France

John Sloan, USA

Melchor Antuñano, USA

Peijin Liu, China

Philippe Coué, France

Qilong Yan, China

Shuang Li, China

Tanja Masson-Zwaan, The Netherlands

Tommaso Sgobba, The Netherlands

Yang Gao, China

Yazhong Luo, China

Zhe Zhang, China

Zhenhui Qi, China

LOCAL ORGANIZATION COMMITTEE

CO-CHAIRS

CALL FOR PAPERS

The working language will be English. A typical abstract would be one page long, Word format, 800 words, associated to a short bio of the authors. For uploading abstracts and additional information please visit: <http://www.phas2019.com>

Topics proposed:

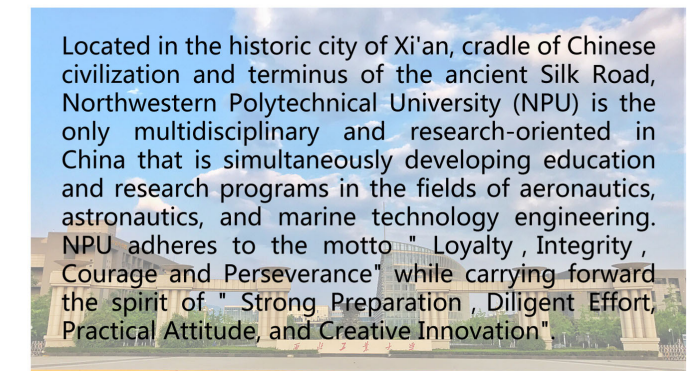

- Issues from aviation tourism to commercial suborbital and orbital space tourisms(CSOST)
- Reusable suborbital launch vehicle (RSLV)
- Reusable orbital launch vehicle (ROLV)
- Fast and reliable reentry technology
- Low cost and efficient space travel technology
- Artificial intelligence for CSOST
- Spaceports for CSOST
- Market and cost issues of CSOST
- Legal and regulatory issues of CSOST
- Certification, safety and insurance issues of CSOST
- Physiological requirements on passengers and pilots of CSOST
- Preflight examination and screening criteria on passengers and pilots of CSOST
- Preflight training requirements on passengers and pilots of CSOST
- Post-flight analysis on passengers of CSOST

Remark:

All the papers and presentations will be distributed to all registered participants during the Symposium. A selection of the best papers presented during the Symposium will be proposed for peer reviewing and publication in a special issue of Acta Astronautica.

KEY DATES

- Abstracts due by **1 January 2019**
- Author Notification by **1 February 2019**
- Papers due by **1 April 2019**
- Early Registration by **20 April 2019**
- Registration by **20 May 2019**
